

#### CHANGE Logo Description

The logo defines CHANGE's position as: **Looking Up to God** for solutions just as the founders of the liberation movement did. We trust God to redirect the ship to His envisioned South Africa... of Hope, Peace, Unity, Non-racialism and Prosperity for all. 86%plus population of South Africa believe in God, or are Christians. This is their party.

Our dominant colour is **wine maroon**. This symbolises a need for fresh political ideas by an uncontaminated political movement. Taken from **Mathew 9:17**, *'Neither do men pour new wine into old wineskins. If they do, the skins will burst, the wine will run out and the wine skins ruined. No, they pour new wine into new wineskins, and both are preserved.'*

The **golden tick** symbolises the wealth, peace and unity we will gain as a nation if we do things right. If we trust God, have pragmatic people cantered policies, respect others, speak well and vote RIGHT.

The **white circle** symbolises the obvious good we should do: Everyone knows the good thing to do as opposed to the right thing. No confusion.

We believe CHANGE is possible with God.
